Virtual Animal Welfare Conference Reminder:

Complimentary 2 Day **Virtual Lab Animal Science Conference**: February 13 & 14, 2013.

Register at www.bioconferencelive.com/register.php

The theme of this conference is ***Animal Well-being and Welfare Science***.

The aim is to bring together leading authorities from around the world to present on the science of animal wellbeing and welfare. This conference will stimulate discussion with a view to identifying future priorities for research, education, and practical/policy developments.
